

## Monitoring Waiver Agreement 2002-2010

PWS 7 Digit Number: <b>ID</b>	PWS Name:
----------------------------------	-----------

**Authority.** Pursuant to the Idaho Rules for Public Drinking Water Systems, IDAPA 58.01.08, the Idaho Department of Environmental Quality (Idaho DEQ) may waive monitoring of certain chemical contaminants.

**Applications.** Monitoring waiver applications or renewal requests are to be made to Idaho DEQ at least 60 days prior to the required monitoring deadline date although Idaho DEQ requests applications to be made as early as possible to allow adequate time for monitoring in the event the application is denied.

Waivers are not automatically granted upon completion of the application materials. Monitoring waiver decisions are made in writing by Idaho DEQ and become effective upon the date of signature from an Idaho DEQ Regional Administrator or designee. Monitoring waiver decisions are made on individual contaminants and are based upon information submitted by the water system, previous analytical data and vulnerability assessments when required. The current waiver cycle covers January 1, 2002 through December 31, 2010.

**Renewals.** Monitoring waivers require periodic renewal. Renewal requests for 2005-2007 and 2008-2010 shall include:

- 1) Monitoring Waiver Agreement **and**
- 2) Monitoring Waiver Application (Water System Information Block and Waiver Request Block) **and**
- 3) A new completed Monitoring Reduction Questionnaire **OR** a copy of the previously submitted Monitoring Reduction Questionnaire which has been thoroughly reviewed and a statement certifying that nothing has changed.

**Table 1: Monitoring Waiver Renewal**

Waiver	Renewal Timeframe*
IOCs**	9 years for ground and surface water sources (2011)
VOCs GW	6 years for ground water sources (2008)
VOCs SW	3 years for surface water sources (2005 & 2008)
SOCs	3 years for ground and surface water sources (2005 & 2008)
Asbestos	9 years for ground and surface water sources (2011)
Cyanide	9 years for ground and surface water sources (2011)
Dioxin	3 years for ground and surface water sources (2005 & 2008)

\* Unless otherwise notified.

\*\*Excluding nitrate, nitrite, sodium and arsenic

**Agreement.** Idaho DEQ agrees to review waiver requests within 60 days of receipt of completed application materials unless otherwise indicated in writing. Idaho DEQ will approve, partially approve or deny waiver requests in writing.

Please read and check the items below then sign and date this agreement. This document must be included with the waiver application materials or renewal request.

- \_\_\_\_ 1. I am an authorized agent of the public water system listed above.
- \_\_\_\_ 2. The information that I have provided to Idaho DEQ is correct to the best of my knowledge. *(Submitting false documents to a state agency is a felony offense).*
- \_\_\_\_ 3. I understand that by applying to Idaho DEQ for a monitoring waiver, the waiver is not automatically granted and that the final determination will be given to me in writing by Idaho DEQ or an agent of Idaho DEQ.
- \_\_\_\_ 4. I understand that non-payment of drinking water fees may result in the disapproval of my system and a revocation/denial of any monitoring waivers.
- \_\_\_\_ 5. As a condition of an approved waiver I agree to: 1) submit chemical samples at least 45 days prior to the end of the monitoring period and 2) submit bacterial samples by at least one week prior to the end of the monitoring period. *(This condition was at the request of the laboratories to allow adequate time to process and report samples.)*

\_\_\_\_\_  
Signature of Authorized Agent

\_\_\_\_\_  
Date

**Include this agreement with the application.**

**Table 2: Monitoring Waiver Standard Monitoring Framework**

	9 Year Compliance Cycle								
Approved Waiver Category*:	1st 3-Year Compliance Period			2nd 3-Year Compliance Period			3rd 3-Year Compliance Period		
	2002	2003	2004	2005	2006	2007	2008	2009	2010
Inorganic Contaminants (IOCs)	One sample required								
IOC: Asbestos	No samples								
IOC: Cyanide	No samples								
Synthetic Organic Contaminants (SOCs)	No samples			No samples			No samples		
Volatile Organic Compounds Ground Water	One sample required						6 year waiver →		
Volatile Organic Compounds Surface Water	No samples			No samples			No samples		
Dioxin	No samples			No samples			No samples		

*\*Monitoring waivers are considered by each source and by individual contaminants. The schedule above is a general outline only, Idaho DEQ will make monitoring frequency decisions in writing.*
